

TRIVACO Product Line Card

Municipal Products

				VALVES	
 <p>Lined valves: plug, ball, butterfly, diaphragm, safety, and control</p>	 <p>Resilient and high performance BFV's; 3-way, v-notch, process and trunnion ball valves</p>	 <p>Solenoid valves</p>	 <p>**Fire protection and water distribution products</p>	 <p>Metal, polymer and resilient seated KGV's, slide gates and specialty valves</p>	
 <p>Process ball valves</p>	 <p>AWWA valves: gate, butterfly, plug, & check valves; rotating disc valves</p>	 <p>Spring operated safety valves</p>	 <p>**Fire protection and water distribution products</p>	 <p>Knife gate slurry valves</p>	
 <p>Cast, forged, bronze gate, globe and check valves</p>	 <p>Overpressurization / vacuum tank valves; flame arrestors</p>	 <p>Resilient seated butterfly valves; pneumatic and electric actuators</p>	 <p>Sluice, slide, stop, and flap gates; butterfly valves</p>		

** USA Made

				ACTUATORS & ACCESSORIES	
 <p>Pneumatic cylinder actuators and specialty automation</p>	 <p>Pneumatic, hydraulic and electric quarter turn actuators</p>	 <p>Rotary and multi-turn electric operators</p>	 <p>Pneumatic vane quarter turn actuators</p>		
 <p>Leverless proximity switches</p>	 <p>Pneumatic rack and pinion; scotch yoke actuators; rotary electric operators</p>	 <p>Electric quarter turn and linear actuators</p>	 <p>Valve positioners</p>		

TRIVACO | 2615 Arbor Tech Drive | Hebron, KY 41048 | 859 525 9890 | www.trivaco.com

TRIVACO – TSV Division
6833 Industry Drive
Indianapolis, IN 46219

EQUIPMENT & SPECIALTIES

 <p>Lined pipes</p>	 <p>Heating & control solutions</p>	 <p>Fiberglass grating and structures</p>	 <p>Fiberglass piping systems for chemical process and slurry applications</p>
 <p>Custom replacement damper drives</p>	 <p>Coatings to protect against abrasion, corrosion, and containment</p>	 <p>B31.3 certified fiberglass fabrication shop; turnkey & emergency FRP repair services</p>	 <p>NB approved VR shop (in-house and mobile in-line testing services)</p>

INSTRUMENT & CONTROLS DIVISION

 <p>Flow meters</p>	 <p>Non-intrusive volumetric flow and air entrapment monitoring</p>	 <p>Moisture, humidity & ultrasonic flow</p>	 <p>Ultrasonic continuous level & level switches</p>
 <p>Fixed gas detection and flame monitoring for safety</p>	 <p>Temperature and pressure instrumentation, RTD's & TC's, and diaphragm seals</p>	 <p>Pressure / temperature switches and transmitters; RTD's & TC's</p>	 <p>Stocking distributor for pressure / temperature – transmitters, volumetric / mass – flow meters, liquid / gas-analytics, DCS, data acquisitions, wireless I/O</p>
